

Premium DSL Service

Startec Global Communications offers premium symmetric DSL service for small and medium businesses. Our professional-grade, high-speed Internet access gives businesses a high quality cost effective presence on the web. Symmetric speeds mean the same download speeds as upload, allowing customers to access your website from the Internet as quickly as you like, up to 1Mbps.

Startec Premium DSL Service features the following:

- Professional Installation
- 24/7 Network Operations Center Support
- 5 Static IP Addresses or 1 Address with Network Address Translation (NAT)
- 10 email addresses at yourname@estart.net
- Accommodates multiple users on one connection, reducing dial-up lines
- Email support
- Live phone support
- DSL router provided by Startec

Startec Premium DSL Service is “always on” and available in 6 symmetrical speeds:

- 160Kbps
- 256Kbps
- 384Kbps
- 512Kbps
- 768Kbps
- 1Mbps
